Farhad Panahov

(647) 512-7490 | panahovf93@gmail.com | Toronto, ON
LinkedIn: panahov | Homepage: panahovf.github.io

Economist at RBC, working on economic growth, competitiveness and the energy transition. Master's from MIT in Data, Economics and Policy, with research done in Python and R. Passed CFA Level 1; Level 2 planned.

WORK EXPERIENCE

Royal Bank of Canada **Jul 2018 — Present**

Economist; RBC Thought Leadership *Toronto, ON | Sep 2022 — Present*

- Design and run quantitative research on the Canadian economy, turning data into clear views and insights.
- Co-author on flagship reports such as *Capital Gains* and *Climate Action* — widely-read analytical publications that inform Canadian policy, investment, and corporate decision-making.
- Contributor to newsletters *Current Account*, *Trade Zone*, and *Climate Crunch*, reaching 30,000+ readers.
- Built and maintain the Climate Action Institute's two flagship analytical assets — *Climate Capital Flows* and the *Climate Action Barometer* — referenced by industry and government stakeholders; led cross-domain research across four iterations of the Institute's annual report. Designed and ran *consumer* and *CEO survey* programs end-to-end.

Research Associate; RBC Economics *Toronto, ON | Jul 2019 — Dec 2021*

- Collected and analyzed macroeconomic data for publications, client presentations, and ad-hoc requests prioritized by the Chief and Deputy Chief Economist.
- Maintained departmental databases covering macroeconomic indicators, interest rates and exchange rates, supporting forecasting and client-facing analysis.

Banking Advisor, RBC Personal Banking *Toronto, ON | Jul 2018 — Jul 2019*

RESEARCH PROJECTS (PYTHON & R)

Research with Prof. Alissa M. Kleinnijenhuis (currently at Columbia University) **Jul 2024 — Mar 2025**

- Built country-specific coal phase-out pathways by adjusting NGFS emissions scenarios against carbon budgets using asset-level fossil-fuel facility data (*paper*, *github*). Quantified country-level economic and health co-benefits of fossil-fuel phase-out versus business-as-usual using global grid-level geospatial datasets (*paper*, *github*). Outputs supported engagement with the Coalition of Finance Ministers for Climate Action at COP29 and underpin a developing-country pathways *dashboard* with the Forward Global Institute.

World Bank Group: Short-Term Consultant (Research) **Aug 2023 — Aug 2024**

- Designed a novel methodology to measure green employment in developing labour markets, combining occupational data with task-based green-skills taxonomies. Contributed to the analysis for the green-skills chapter of the World Bank's flagship report *Choosing Our Future: Education for Climate Action*. Research supported the World Bank's engagement at COP28 and subsequent policy dialogue with MENA-region governments on workforce planning.

EDUCATION

Massachusetts Institute of Technology (MIT) **2022**

Master in Data, Economics and Development Policy | GPA: 4.8/5.0

University of British Columbia (UBC) **2013 — 2017**

Bachelor of Science in Economics (high concentration in Math & Stats) | GPA: 4.0/4.33

EXTRACURRICULAR

Toronto Association for Business Economics (TABE) — Board member.

MIT Alumni Club of Toronto — Leadership role; organize events and engage alumni. E.g. lunch with MIT Prof. C. Wolfram.

UBC Alumni Mentorship Program — Mentor a new graduate, supporting early-career navigation, CV review, networking.
